

## Special Issues of the Catalysis in Green Chemistry and Engineering Journal

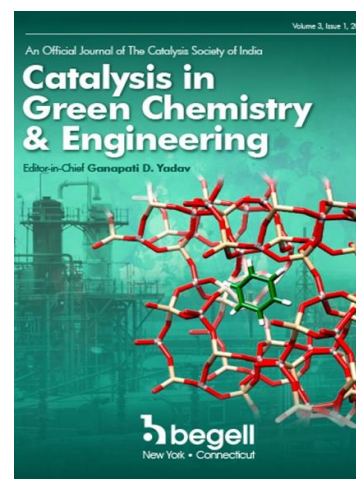

Dear Researcher:

Happy New Year to all of you.

The Catalysis Society's flagship bulletin is renamed Catalysis in Green Chemistry and Engineering since 2018 and being published by the international publisher Begell House of New York.

We have planned special issues on the following topics with the deadlines in parentheses.

1. Catalytic valorization of waste biomass and plastics (March 2020)
2. Catalysis in Fine Chemical Industry (April 2021)
3. Carbon dioxide to chemicals and materials (May 2021)
4. Catalysts for Hydrogen Production (June 2021)
5. Novel Catalytic Materials (July 2021)

Based on your expertise we would like to invite you to submit articles at:
